A wide-angle photograph of a tropical beach. On the left, a dense line of green bushes and palm trees borders a pristine white sandy beach. The beach curves gently towards the right, meeting the edge of a shallow, turquoise lagoon. The water is crystal clear, revealing the sandy bottom. In the distance, a long, low island or pier extends into the water. The sky is a vibrant blue, filled with soft, white cumulus clouds. The overall atmosphere is serene and idyllic.

THE DESTINATION
IS THE JOURNEY

LET YOUR JOURNEY BEGUIN...

Welcome to the French Riviera and the Côte d'Azur *the Blue Coast*. Inspired by the vibrant playground of the rich and famous in the South of France, the lavish five-star luxury beach complex will be located on the prime beachfront of Main Europe Island.

The Côte d'Azur complex comprises of 4 five-star hotels, all named after the most famous and picturesque cities of the French Riviera: Monaco, Nice, Cannes and St. Tropez.

The Côte d'Azur design was driven by beautiful, modern Mediterranean architecture that echoes timeless style and features some of Southern Europe's most impressive architecture.

Located near the Main Gate and a short stroll from the majestic amphitheatre, this elegant hotel will play host to 992 suites including deluxe and super deluxe suites and seven duplex penthouses for an exquisite stay.

FORCES OF NATURE

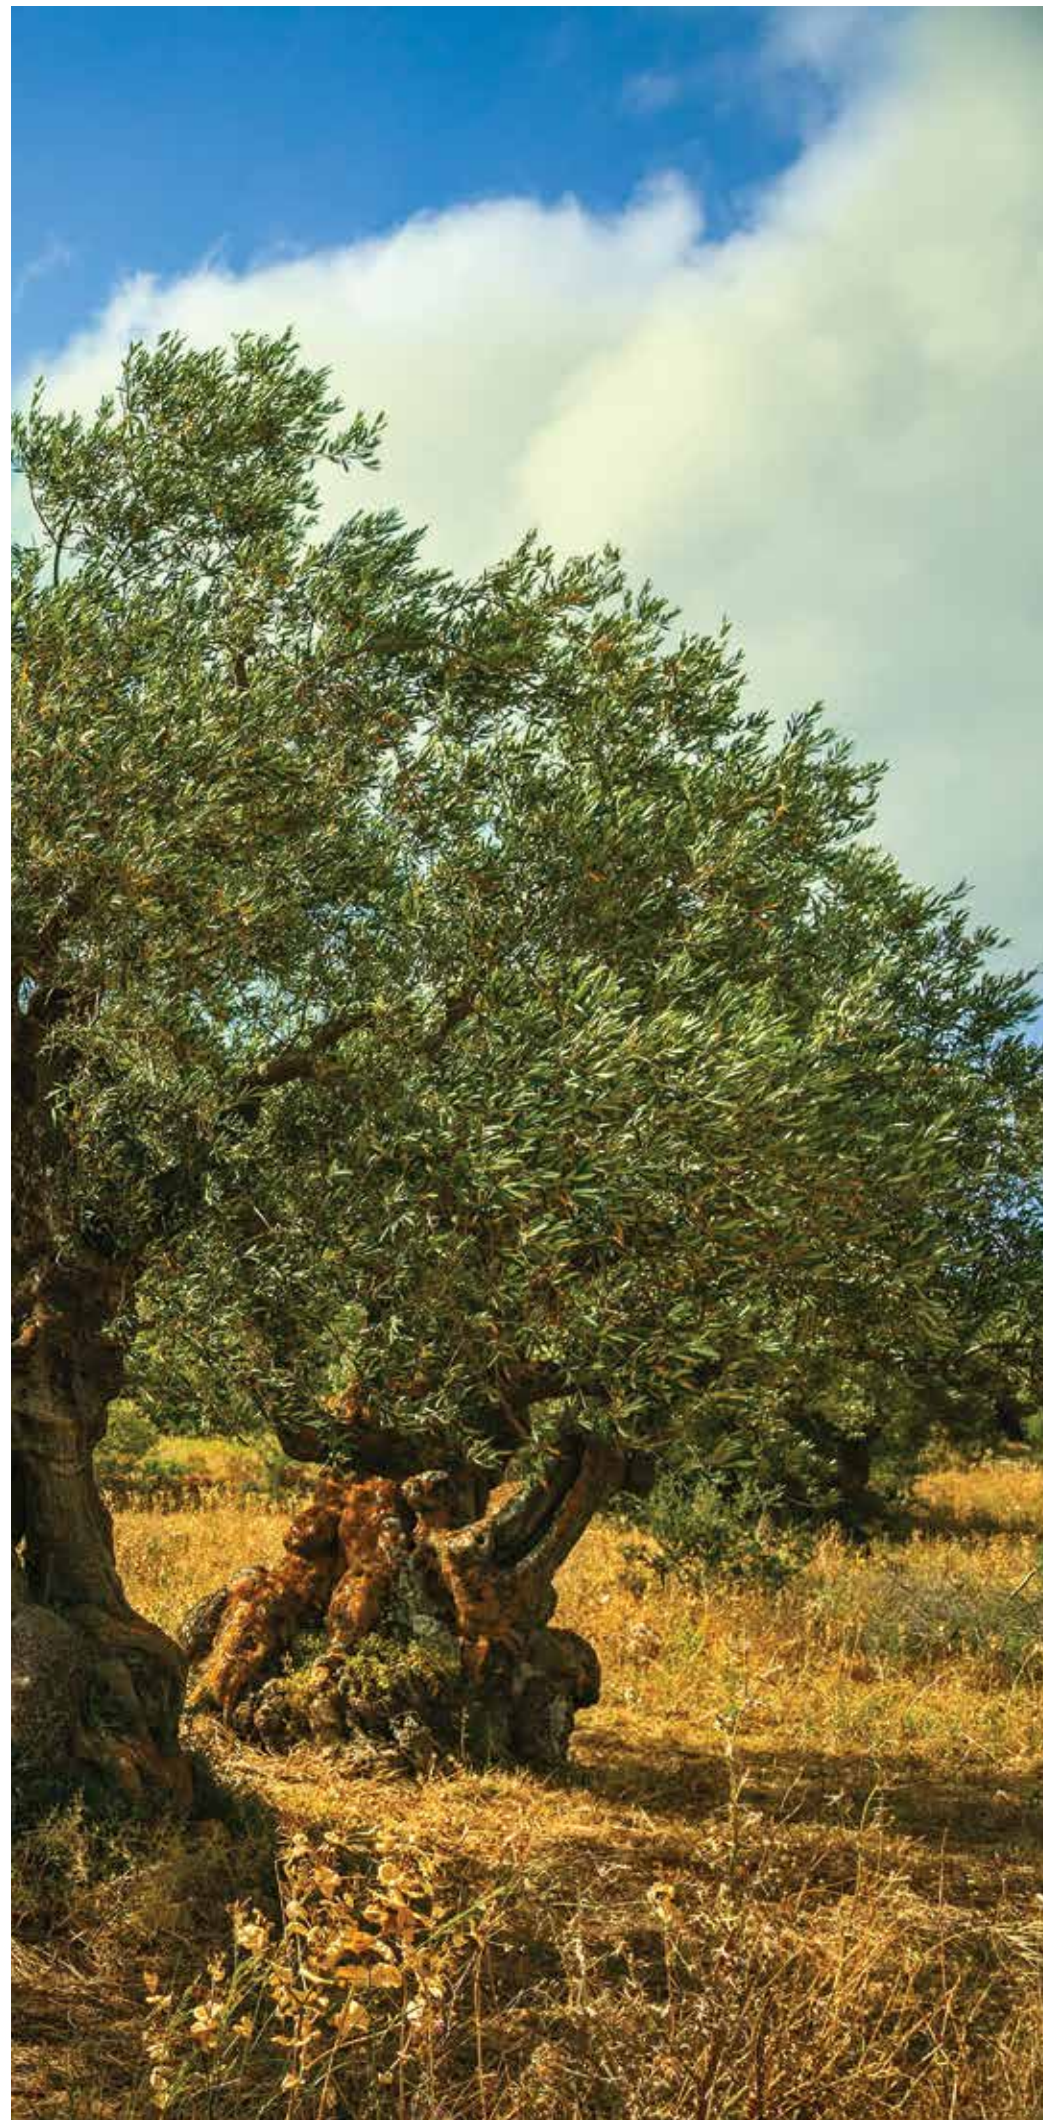

The Heart of Europe defies the impossible to pioneer new concepts. Where it doesn't exist, we build it, source it, invent it. This is the only place in the world where you can experience climate-controlled, outdoor streets with rain and snow, new coral reefs, underwater luxury living and the importing of ancient olive trees, some over 1,500 years old, from Andalucia in Southern Spain.

It is truly a magical destination making it the perfect place for a weekend getaway or holiday either as a guest or second home owner looking for a quick yet rewarding break just 20 minutes from shore. No two days can be the same if you want to explore the best that Europe has to offer.

RAIN ON DEMAND

Innovative technology and know how have successfully created the first climate-controlled streets in a resort. The weather is an important part of European culture and some apartments and suites will have a street view.

Looking out over narrow, cobbled streets, wondering whether to brave the weather, scoop up an umbrella and venture outside to feel cool rain on your skin as you walk through 300metres of climate-controlled pedestrian walkways. A memorable moment in an island setting before returning to the mainland desert.

CRÈME DE LA CRÈME

Côte D’Azur will offer unique experiences and each resident and suite will command either a breathtaking sea and Dubai skyline views or the adjacent European styled street where you can find luxury boutiques, cafes, restaurants and much more.

The Côte D’Azur will be a sublime and elegant holiday destination for couples, families and groups and is perfectly located on the exhilarating island of Main Europe.

This is a fascinating world, familiar to those who have frequented the South of France and love the ocean, with picturesque courtyards, landscaped gardens, white sandy beaches, clear waters, children’s clubs and all manner of waters sports including snorkelling, diving for pearls and the coral reefs, and sailing.

AMAZING IS EVERYWHERE

There are wonders and wow moments wherever you find yourself at The Heart of Europe.

Be captivated and entertained by the underwater museum, take in the wonderful sights of spectacular nightly firework shows or the rush of beautiful corals, over 100,000 of them, exciting nightlife for all ages. Indulge in your favourite activities and take to the water to sail, dive and enjoy a complete European shopping experience with the best brands in the world.
